25%

EXAMPLE STRATEGIES
Convert local goods movement to zero-emissions
Transition personal transport toward zero emissions
Accelerate air quality improvements at the Port of Los Angeles

EXAMPLE INITIATIVES
Streamline rates and permits to make charging stations in homes and multifamily buildings easier and cheaper
Support gasification and electrification of heavy-duty rail
Implement the Clean Truck Program (CTP)
LEAD BY EXAMPLE

VISION

We have a municipal government that leads by example throughout every department in the City of Los Angeles.

EXAMPLE STRATEGIES

- Reduce municipal building energy consumption
- Reduce municipal water consumption
- Integrate sustainable practices into all City departments and operations

EXAMPLE INITIATIVES

- Increase the municipal green building standard for new construction
- Reduce watering to two times per week at City facilities
- Pursue a defined role for cities in update to California GHG legislation
Municipal Fleets & Infrastructure
