Veloz is a national nonpartisan 501(c)3 nonprofit whose mission is to drive toward 100% zero-emission vehicles through strategic communications, unprecedented collaborations and purposeful convening. Veloz is at the forefront of the EV industry with our unique blend of public and private sector members, which positions the organization’s programs to deliver meaningful impact as the mission to accelerate transportation electrification progresses.

We are laser-focused on expanding our EV education and industry convening programs nationally, countering misleading headlines and disinformation with fact-based campaigns and educational resources, and creating opportunities for networking, collaboration and information sharing. By harnessing the influence of our high-powered, diverse board and the thought leadership of our membership, we meet people and businesses where they are with fact-based information that helps them go electric.

We invite public and private sector organizations within the EV ecosystem to join us by becoming a member today! Veloz is a 501 (c)(3) nonprofit.
